

# Wendy Sheppard

## WENDY SHEPPARD

My interest for quilts was born out of my love for early and colonial American history. Being from Southeast Asia, I had not had much exposure to quilts due to the fact that quilts are mainly a Western “thing”. Through reading, I became aware of and loved the look of the Baltimore quilts, but still I didn’t catch the quilting bug mainly because I didn’t know how to sew. I decided to give quilting a try years later after being repeatedly encouraged by a friend (Thanks, Barbara!), just so that I can say that I have somewhat “shared” an experience in quilting with the women I read about in history. Little did I know how much I would enjoy making my first quilt, and before I knew it, I was making my second, third, fourth, and fifth quilts!! **How Many Ways Can I Use the Sawtooth Star Blocks?**

Friday, July 19, 2019, 3:00 p.m. – 4:30 p.m. Marion Public Library

I started out early in my quilting journey to see just how many ways I could use sawtooth stars in my quilts. Sawtooth star is a popular traditional quilt block. If you play with fabrics and their placements, as well as trying block variations, the Sawtooth Star becomes a fun quilt!

Registration: TQHF members \$15.00/ non-members \$20.00

### **What to Quilt?**

Saturday, July 20, 2019, 9:00 a.m. – 12:00 p.m. Sunnycrest Baptist Church

In this class we will quilt with Sharpie and paper, removing the stress of not being in your normal sewing environment. We will explore the different ways to quilt familiar pieced blocks that will help quilters to customize their quilting scheme.

Registration: TQHF members \$35.00/ non-members \$40.00
